Mr. Stassen, who is still a captain in the navy but will soon be out of service, has spoken forthrightly about the atomic bomb. He thinks that the plants of the United States could be used to furnish any more bombs needed and these only for an international air force operating under the United Nations.

This, of course, is directly in line with that school of thought which for the last two or three years has been insisting that the world be policed by an international air force. HAGERSTOWN FIRM SIGNS CONTRACT WITH URWA UNION

Charges of unfair labor practices against the Hagerstown Rubber Company were dropped Thursday by United Rubber Workers of America CIO, after Local 258, URWA, and the company signed a contract, Harlev V. Brown, district URWA representative, reported yesterday after-

The agreement, effective November 8, 1945, provides an across-theboard wage increase of approximately ten per cent plus night shift differentials. Both increases are retroactive to March 17, 1945, Brown xplained.

The union official said the conract, effective for one year, will proide decided increases for the 200 odd employes of the Hagerstown rubber sole and heel factory. Other up to date liberalized pro-

added, will mean increased earnings for the workers. URWA charged the company with unfair labor practices on October 22, charging the company with interference in union activities, Brown

Do not think that I don't miss you.
There is a vacant rocking chair.
Oftimes I think I hear your foot steps
And I look but you are not there.
It was a dreary Friday morning
When God came and took you home. When God came and took you home.

But we hope that you are resting
On that beautified Heavenly throne.
